Student Affairs

Cooperative Education

Cooperative Education blends the traditional academic functions of the university with paid work assignments in industry, business, government, and nonprofit organizations. This combination enhances the student’s academic knowledge, personal development and preparation for a professional career.

In order to participate in the Cooperative Education Program, students must meet the following requirements:

1. Be enrolled at VCU as a degree-seeking student. Undergraduates must have completed at least 23 semester credits.
2. Maintain a 2.5 GPA on a four-point scale for sophomores, a 2.0 GPA on a four-point scale for juniors and seniors. All certificate and graduate students must maintain the GPA required by their academic programs.
3. Maintain good financial standing with the university.
