Tuition and fees

The Student Accounting Department issues bills to students for tuition and appropriate fees. Preregistered students’ tuition and fees, along with charges for room and board where applicable, are due approximately one week before the start of the semester. All other students will be sent a bill at the end of the add/drop period due approximately two weeks later. The university reserves the right to revise or alter all fees, regulations pertaining to student fees and fee collection procedures at any time.

Tuition is determined by both the student’s residency classification and classification as a full- or part-time student. Eligibility for in-state tuition benefits is determined by Section 23-7.4 of the Code of Virginia. Students seeking to change their residency status from out-of-state to in-state for tuition charges should go to the Residency Office of the Office of Records and Registration and formally apply for a change. The residency application deadline is 30 days prior to the beginning of the semester for which you are applying. For further information on residency determination, call (804) 828-0366.

Students registered for a full-time course load are charged a flat rate for tuition and fees. An undergraduate student enrolled for 12 to 18 credits during any semester is classified as full time. A graduate student enrolled for nine to 15 credits during any semester is classified as full time. Students registered for less than a full-time course load are charged a per-credit-hour rate based on the course level; e.g., undergraduate or graduate.

The rate for “no credit” courses is determined by the number of lecture or laboratory-tutorial hours.

An undergraduate student enrolled for more than 18 credits and a graduate student enrolled for more than 15 credits will be charged a course overload fee on a per-credit-hour basis above the full-time tuition rate. The overload fee will not apply to students in first professional programs or other programs that specifically require the student to enroll in courses that exceed the applicable maximum number of credit hours.

Special students who hold bachelor’s degrees are classified as DHG (degree-holder graduate) if they enroll in one or more graduate courses. DHG students are charged by the level of the course unless they enroll for nine or more credits, at which point they are charged at the full-time graduate rate. Special students who hold undergraduate degrees are classified as DHU (degree-holder undergraduate) if they enroll in all undergraduate courses. DHU students who enroll in 12 or more credits are charged at the full-time undergraduate rate. If they make changes to their course enrollment by the end of the add/drop week, their classification and charges change in accordance with these guidelines.

Many students have their tuition and/or fees paid by outside agencies or businesses. The university will accept a letter from the agency/business stating that these charges are unconditionally guaranteed. This letter should be submitted to the Student Accounting Department prior to the start of classes. Students may charge their tuition and fees to Visa, MasterCard, Discover Card or American Express.

Fees

Student activity fee – is charged to all full-time and part-time Academic Campus students. This fee supports activities scheduled throughout the academic year, such as concerts, plays, student organizations and publications.

Student government association (SGA) fee – is charged to all full-time and part-time Medical College of Virginia Campus students. This fee supports social, cultural and other MCV Campus activities.

University fee – is charged to all full-time and part-time students. Full-time students pay a flat rate. Part-time students pay a per-credit-hour rate. This fee is used by the university to support recreational sports facilities, the University Student Commons, campus development, intercollegiate athletics and other programs.

Technology fee – is charged to all full-time and part-time undergraduate, graduate and professional students in all programs. This fee is used to support university-wide technology initiatives, including the libraries.

Student health fee – is charged to all full-time students on both campuses. Part-time students may participate on an optional basis but must pay the full fee. The health fee covers unlimited visits to University Student Health Services for the diagnosis and treatment of acute and chronic illnesses. The student health fee does not cover accidental injury and hospitalization. Fee revenues are used to cover operating costs for University Student Health Services.

Special course and program fees – In addition to regular tuition charges and required fees, various schools and departments may charge additional fees to cover special materials, equipment breakage and other costs of the specialized programs.

Drop vs. withdraw

Drop – charges are removed to indicate that the student never attended the class. The student is not eligible to receive financial aid, and any financial aid already credited to the student’s account based on the original course registration will be removed from the student’s account and may create a balance due to the university.

Withdraw – results in the academic grade of “W.” Charges are assessed and adjusted according to the University Refund Policy. Students may owe a balance to the university.

Refund policy

The official university tuition and fees refund policy, applicable only for the fall and spring semesters (excluding short courses), is outlined in the table that follows. Refunds are calculated on a course-by-course (per credit hour) basis, disregarding the full-time cap amounts. Students who are enrolled full time and withdraw from course(s) may not receive a refund.

This table pertains to both complete withdrawals and reduced course loads for fall and spring semesters only.

Students in off-campus classes are subject to the same refund policy as all other university students if the class is scheduled on the regular semester schedule. If the off-campus class is shorter or longer than the academic semester, the refund dates are adjusted accordingly at the request of Off-campus Programs.

The refund policy and deadlines of the English Language Program are different from the university’s refund policy for academic classes. Details of the policy may be obtained from the English Language Program Office.

A full refund for Holiday Intenseness will be granted if the course is dropped before 4:30 p.m. on the day of the first class meeting. Partial refunds are not granted.

A full refund of tuition and applicable fees for short courses will be granted if the course is dropped no later than the day following the first day of a given class. This deadline also is applicable if the class does not meet on two consecutive days.) Students reducing their academic course load to fewer than full time (12 credits for undergraduates and nine credits for graduates) before the end of the last day to drop a course will be entitled to a refund of tuition and applicable fees reflecting the reduced course load. Partial refunds are not granted for short courses.

Students who are financial aid recipients and withdraw from all courses before completing 60 percent of the semester must have their eligibility recalculated based on the Federal Return of Title IV Funds formula. They will have to pay all or a portion of the financial aid funds that were disbursed to their VCU account.

Questions regarding room and/or board refunds may be directed to the Housing and/or Dining Services offices.

Refunds will be computed based on the actual withdrawal date certified by the Office of Records and Registration. Refunds will not be made to students who do not attend classes and have not completed the required withdrawal procedure. Refund processing may take approximately two weeks. Exceptions to this refund policy are made only in rare instances. Written application for an exception must be filed with the Student Accounting Department’s Refund Appeals Committee.

Requests for refunds of overpayment may be made in writing to VCU Student Accounting Department, P.O. Box 843036, Richmond, VA 23284-3036. Refund request forms are available at the student services centers, 827 W. Franklin St., Room 104 and 1101 E. Marshall St., Room 1-055. In accordance with credit card regulations, the university will refund the credit card account with any credit balance that may result on a student’s account as the outcome of a credit card payment. The remaining credit balance, if any, will be refunded to the student.

Financial aid implications

Based on federal regulations, students who receive Title IV financial aid funds (grants, loans or work-study) may be required to repay all or a portion of the financial aid that was disbursed to their student account if they withdraw from VCU prior to completing 60 percent of the semester. For examples, see Page 8. For details on how this requirement applies to your situation, please contact a counselor in the Office of Financial Aid at 901 W. Franklin St. (Shaffer Court entrance) or call (804) 828-6669.
Defense crisis tuition relief, refund and reinstatement guidelines

These guidelines apply to any operation, including a defense crisis, in which the president of the United States declares a sudden mobilization that includes members of the Virginia National Guard or the active or reserve forces of the U.S. Armed Forces who are students enrolled at VCU. Students are offered the following enrollment secession options:

1. Drop all courses before the end of the add/drop period and receive a full refund of all funds paid the university. Students will be asked to sign the drop request form with the registrar indicating that they are not receiving a financial aid refund.

This option might best meet the needs of students who are called to active duty service during the first week of school and did not receive a financial aid refund check or direct deposit.

2. Receive a grade of incomplete (“IM” – incomplete military) in one or all courses. Students residing in university housing will be released from their housing and meal contracts and will receive a prorated refund of these charges. Students who choose to take a grade of “IM” will not have tuition and fees reduced for these courses because credits will still be earned for the semester. Students will have 12 months from the date that they leave the university to complete the course work and earn a course grade.

This option might best meet the needs of students who have essentially completed all course work in a class for the semester, but have yet to turn in a final project, an exam or other materials. It should be agreed upon between the instructor and the student that the remaining course work can reasonably be completed during the upcoming 12-month period.

3. Accept administrative withdrawal (“WM” – withdrawal military) from one or all courses as of the effective date of the orders to active duty. If this option is elected, a full refund of all tuition, fees and prorated room/board charges will be made for the courses that the “WM” is elected. If a student received financial aid, the amount recovered to the financial aid accounts will follow Title IV guidelines not to exceed university charges.

This option might best meet the needs of students who are called to national service in the middle of a semester and have not completed 90 percent of their class requirements. This option also might best meet the needs of students who are leaving the university during the first week of class and received a financial aid refund check or direct deposit as a result of their financial aid.

Leaving the university. To initiate this process, the student must provide the university registrar with a copy of his/her active duty orders in addition to a printed copy of his/her course registration for that semester and indicate Option 1, 2 or 3 for each course. The university registrar will take the appropriate enrollment action, post the appropriate grades and send a copy of the orders and a copy of the student course request statement to the director of financial aid and the manager of student accounting.

Returning to the university. If the student returns within one year of completing their national emergency service requirement, the student may return to the university in the same program of studies without re-applying for admission. The student should begin the re-enrollment process by writing the director of admissions regarding their intent to re-enroll.

Statement of student financial responsibility

Every student is responsible for keeping a current mailing address on file with the Office of Records and Registration and having a VCU official e-mail address. The student is expected to check his or her VCU official e-mail on a frequent basis, since it will be used to deliver important communications.

A student who fails to meet payments when due may be assessed a late payment fee and is denied registration for future classes until he or she has paid all amounts owed to the university.

Student accounts with balances owed the university are referred to the Collection Unit. Pursuant to Section 2.2-4805 et. seq., of the Code of Virginia, and in accordance with rules and regulations promulgated by the state comptroller and attorney general of the commonwealth of Virginia, VCU will charge interest, costs and fees on all accounts past due. Students with balances owed the university are not issued degrees, transcripts, grades or grade reports, until all charges are paid in full.

Students are reminded that they are ultimately responsible for any unpaid balance on their account as a result of the Office of Financial Aid or their sponsor canceling or reducing the award.

Any communication disputing an amount owed, including an instrument tendered as full satisfaction of a debt, must be submitted to the Director of Student Accounting, Student Accounting Department, P.O. Box 843036, Richmond, VA 23284-3036.

VCU participates in the Virginia Set-off Debt Collection Act of 1981. Under the provisions of this act, a Virginia individual income tax refund is subject to the university's claim for unpaid balances of tuition and fees.

Dishonored checks

A fee of $20 will be levied for all dishonored checks.
Financial Aid

Financial implications if you withdraw from VCU

Students who receive federal Title IV grant or loan assistance and withdraw from VCU before completing 60 percent of the semester (as measured in calendar days) must have their eligibility recalculated based on the federal Return of Title IV Funds formula. This federal formula specifies that a student’s financial aid eligibility must be recalculated based on the aid the student has “earned” (based on the number of days that the student was enrolled or attending VCU prior to withdrawal). Any unearned aid for the period of enrollment that the student did not complete must be returned to the appropriate Title IV program from which the student was awarded.

VCU students who withdraw prior to completing 60 percent of the semester will have to pay all or a portion of the financial aid funds that were disbursed to their VCU account, and may be responsible for all or a portion of their tuition/fee charges that were previously paid by financial aid sources.

Example 1: Sally is a full-time, in-state, College of Humanities and Sciences undergraduate student at VCU enrolled in 12 credit hours. For the program that Sally is enrolled in, VCU’s spring 2003 start date (first day of classes) is Jan. 13, 2003, and the end date is May 9, 2003. Sally’s tuition/fee charges and financial aid for the semester are as follows:

Financial aid funding

- Federal Pell Grant: $1,650, Jan 13, 2003
- Federal SEOG Grant: $750, Jan 13, 2003
- Federal Perkins Loan: $1,000, Jan 15, 2003
- Federal Work-Study: $1,500
- Virginia State Grant: $1,100, Jan 13, 2003

Total financial aid: $6,000

Financial aid of $4,500 was disbursed to her student account paying tuition/fee charges of $1,959 and resulting in a refund of $2,541 directly deposited to her bank account on Jan. 15, 2003 to help her pay for rent, food, books, and supplies for the semester.

Sally missed two weeks of classes because of an illness. She returned to classes on Feb. 14, but decided that she was too far behind in her course work to catch up with her classmates. On Feb. 17, she notified the registrar that she was withdrawing and began the official withdrawal process. Since Sally withdrew on Feb. 17, 2003, she only completed 28.1 percent of the semester.

Based on Sally’s withdrawal date, VCU must cancel the $1,000 Perkins loan and $312 in Pell Grant money. These funds will be returned to the federal government on Sally’s behalf. This action will create charges of $1,312 on Sally’s account; however, because she withdrew from all classes during the fourth week, the tuition/fee charged of $1,959 would be reduced to $1,223.30 (a savings of $735.70). The result is that Sally will have to repay VCU $576.30 that was previously paid by financial aid funds.

Sally will have to repay VCU $576.30.

Example 2: Steve is a full-time, in-state freshman. For the program that Steve is enrolled in, VCU’s spring 2003 start date (first day of classes) is Jan. 13, 2003, and the end date is May 9, 2003. Steve’s tuition/fee charges and financial aid for the semester are as follows:

Financial aid funding

- Federal Direct Subsidized Loan: $1,265, Jan 6, 2003
- Federal PLUS Loan: $2,800, Jan 10, 2003

Total financial aid: $4,065

Financial aid funds of $4,065 were disbursed toward his student account charges of $4,834, and Steve paid the remaining balance of $769 using his credit card.

Sometime during the semester Steve stopped attending classes, but he did not notify anyone that he was withdrawing from school. He simply left the university. At the end of the semester his instructors reported grades of all “F”s since he had not completed his course work. Steve’s last day of attendance is not known to VCU since he did not officially withdraw; therefore, the midpoint of the semester is used as the last date of attendance for Title IV funding purposes. Therefore, Steve only earned 50 percent of the financial aid that he had originally received for the semester.

Based on 50 percent completion, VCU must cancel the entire Federal Direct Subsidized Loan of $1,265 and must cancel $768 of the parent’s PLUS Loan. These funds will be returned to the federal government on the borrowers’ behalf. This action will create charges of $2,033 on Steve’s account.

Planning information for summer sessions

If you anticipate enrolling for summer sessions and are receiving financial aid during the regular school year, please think about your budget now.

Federal Direct Loans are limited by your grade level and dependency status to the following annual and lifetime loan limits:

- **Freshmen (less than 24 earned hours)**:
  - Federal Direct Loan: $2,625
  - Federal Direct Loan Limit: $23,000
  - Independent Direct Loan: $6,625
  - Independent Direct Loan Limit: $46,000
- **Sophomore (24 to 53.9 earned hours)**:
  - Federal Direct Loan: $3,500
  - Federal Direct Loan Limit: $23,000
  - Independent Direct Loan: $7,500
  - Independent Direct Loan Limit: $46,000
- **Junior/Senior (54 or more earned hours)**:
  - Federal Direct Loan: $5,500
  - Federal Direct Loan Limit: $23,000
  - Independent Direct Loan: $10,500
  - Independent Direct Loan Limit: $46,000
- **Graduate**:
  - Federal Direct Loan: $18,500
  - Independent Direct Loan: $38,500
  - Independent Direct Loan Limit: $189,125
- **Professional – Medical/Dental**:
  - Federal Direct Loan: $31,000
  - Independent Direct Loan: $31,000
  - Independent Direct Loan Limit: $189,125
- **Professional – Pharmacy**:
  - Federal Direct Loan: $18,500
  - Independent Direct Loan: $38,500
  - Independent Direct Loan Limit: $189,125
- **Professional – Health Administration**:
  - Federal Direct Loan: $31,000
  - Independent Direct Loan: $31,000
  - Independent Direct Loan Limit: $189,125
- **Professional – all other**
  - Federal Direct Loan: $18,500
  - Independent Direct Loan: $38,500
  - Independent Direct Loan Limit: $189,125

The more Federal Direct Loan funds you borrow during fall and spring semesters, the fewer loan funds you will have available for the summer sessions.

Example 1: If a dependent junior plans to participate in study abroad during the summer, below are two possible budgeting alternatives for covering summer expenses:

| Alternative 1 – Junior | $2,750 | $2,750 | $0 | $4,000 |
| Alternative 2 – J in junior | $2,000 | $2,000 | 1,500 | 2,500 |

If the student budgets loan funds and sets aside $1,500 (as done in Alternative 2 above), the student may still need to borrow additional private alternative loan funds during the summer semester, but the amount of the private alternative loan would be less than would otherwise be needed. Private alternative loans generally require a clean credit history and/or a credit-worthy cosigner. Private alternative loans will accrue interest while the student is in school, but many times, payments can be deferred until after completion of the educational program at VCU — please contact the private alternative lenders for further details.

Example 2: If a dependent freshman student borrows the maximum loan amount of $2,625 during fall and spring and earns at least 24 credit hours by the end of the spring semester, the student will be a sophomore for the summer sessions. As a sophomore, the student may borrow up to $3,500 annually, so the student could borrow the remaining $875 Federal Direct Loan eligibility during the summer ($3,500 - $2,625 = $875).

Since Steve did not officially withdraw from VCU there is no tuition/fee adjustment. Because of the reduction of financial aid required by the federal Return of Title IV Funds formula, Steve must pay $2,033 that was previously paid by financial aid funds. Steve will have to pay VCU $2,033.
