About the Schedule of Classes

The Schedule of Classes provides information needed to register. It includes information about courses currently offered, including time, days and place of meetings and the instructor’s name — as well as valuable general information about Virginia Commonwealth University. This Schedule of Classes is accurate as of March 7, 2003. The information is subject to change — please check the Web for updates: http://www.vcu.edu/schedule. The Schedule of Classes does not include all the information you need to access the university. Please be sure that you have a copy of each of the following documents:
  • University bulletins – VCU publishes two bulletins. The bulletins include essential information not included in this schedule — academic policies, descriptions of all current VCU courses, prerequisites and information about program and degree requirements. Obtain copies of the bulletin online at http://www.vcu.edu/bulletins or purchase the bulletin from one of VCU’s bookstores.
  • VCU Resource Guide – This directory of services also includes the complete texts of the VCU policies and procedures that directly affect students. The Resource Guide is updated annually. Pick up a copy of this year’s edition from the Commons Information Center or the administrative offices of the Division of Student Affairs.
  The Resource Guide, including all policies, also is available on the Web: http://www.students.vcu.edu/rg.

Special students and returning adult students are invited to seek the specialized assistance available from academic advisers at (804) 828-8420.

Virginia Commonwealth University is an equal opportunity, affirmative action university providing access to education and employment without regard to age, race, color, national origin, gender, religion, sexual orientation, veteran’s status, political affiliation or disability.
Registration information

Add/drop and late registration

Students registered for classes may make adjustments to their schedules during the first week of school (commonly called the add/drop period). The add/drop period for fall 2003 ends on Wednesday, Aug. 27. After the first week, students may only withdraw from classes. This adjustment may or may not have a financial impact on the student bill.

Students may use the Web registration system to adjust their schedules during the add/drop period (see grey box at left).

Students not yet registered may late register during the first week of classes.

Cancellation of registration

Any student who has registered but has decided not to attend should cancel his/her registration by submitting written notification to:

Virginia Commonwealth University
Office of Records and Registration
827 W. Franklin St.
P.O. Box 842520
Richmond, VA 23284-2520

Students also may use the Web registration system through Aug. 27 to drop all their courses. Written notification of cancellation must be postmarked no later than Aug. 27. Failure to drop courses by the deadline could result in failing grades as well as assessment of tuition and fees.

Registration for audit

An audited course is counted as part of a student’s course load. Students who audit pay regular tuition and fees. Students must register for audit only during the add/drop/late registration period of the semester in which they are registering. Changes from credit to audit are not allowed during the add/drop/late registration period.

Withdrawal

Students may withdraw from a course using the Web. Students also may withdraw in person at a student services center (Founders Hall or Sanger Hall). The last day to withdraw with a mark of “W” for fall 2003 is Oct. 29.

Withdrawing students also may request a schedule by calling (804) 828-1349 and leaving a detailed address and telephone number. The building codes, printed on Page 11, are used on these schedules.

Individual student schedules

To ensure that your schedule is accurate and up-to-date, schedules are no longer being mailed, but can be obtained at the Student Services Center in Founders Hall or on VCU’s Web site: http://iserver.adm.vcu.edu/students.

You also may request a schedule by calling (804) 828-1349 and leaving a detailed address and telephone number. The building codes, printed on Page 11, are used on these schedules.

Registration planning

After consultation with your adviser about curriculum requirements, refer to the back cover of this Schedule of Classes for a worksheet to assist you in planning your schedule.

Forms

Students may download and print Records and Registration forms from the Web: http://www.vcu.edu/enroll/forms. Forms must be filled out completely and returned to the Student Services Center in Founders Hall, Room 104 for processing.

Grade reports

Grade reports are no longer being mailed, but can be obtained from VCU’s Web site: http://iserver.adm.vcu.edu/students. Grade reports also may be obtained at the Student Services Centers in Founders Hall and Sanger Hall.

Financial information

Tuition and fees

The Student Accounting Department issues bills to students for tuition and appropriate fees. Preregistered students’ tuition and fees, along with charges for room and board where applicable, are due approximately one week before the start of the semester. All other students will be sent a bill at the end of the add/drop period due approximately two weeks later. The university reserves the right to revise or alter all fees, regulations pertaining to student fees and fee collection procedures at any time.

Tuition is determined by the student’s residency status, the number of credits enrolled, and whether a student is registered, the student’s course of study, and the student’s classification level. Eligibility for in-state tuition benefits is determined by Section 237-7.4 of the Code of Virginia. Students seeking to change their residency status from out-of-state to in-state for tuition charges should go to the Residency Office of the Office of Records and Registration and formally apply for a change. The residency application deadline is 30 days prior to the beginning of the semester for which you are applying. For further information on residency determination, call (804) 828-0366.

Students registered for a full-time course load are charged a flat rate for tuition and fees. An undergraduate student enrolled for 12 to 18 credits during any semester is classified as full-time. A graduate student enrolled for nine to 15 credits during any semester is classified as full-time. Students registered for fewer than a full-time course load are charged a per-credit-hour rate based on the course level; e.g., undergraduate or graduate.

The rate for “no credit” courses is determined by the number of lecture or laboratory-tutorial hours.

An undergraduate student enrolled for more than 15 credits and a graduate student enrolled for more than 15 credits will be charged a course overload fee on a per-credit-hour basis above the full-time tuition rate. The overload fee will not apply to students in first professional programs or other programs that specifically require the student to enroll in courses that exceed the applicable maximum number of credit hours.

Special students who hold bachelor’s degrees are classified as DHG (degree-holder graduate) if they enroll in one or more graduate courses. DHG students are charged by the level of the course unless they enroll for nine or more credits, at which point they are charged at the full-time graduate rate. Special students who hold undergraduate degrees are classified as DHU (degree-holder undergraduate) if they enroll in all undergraduate courses. DHU students who enroll in 12 or more credits are charged at the full-time undergraduate rate. If they change to a part-time status, they will be charged at the per-credit-hour rate. Students who are enrolled full time and withdraw from course(s) may not receive a refund.

University fee – is charged to all full-time and part-time students. Full-time students pay a flat rate. Part-time stu- dents pay a per-credit-hour rate. This fee is used by the university to support recreational sports facilities, the University Student Commons, campus development, intercollegiate athletics and other programs.

Technology fee – is charged to all full-time and part- time undergraduate, graduate and professional students in all programs. This fee is used to support university-wide technology initiatives, including the libraries.

Student health fee – is charged to all full-time stu- dents on both campuses. Part-time students may partici- pate on an optional basis but must pay the full fee. The health fee covers unlimited visits to University Student Health Services for the diagnosis and treatment of acute and chronic illnesses. The student health fee does not cover accidental injury and hospitalization. Fee revenues are used to cover operating costs for University Student Health Services.

Special course and program fees – In addition to reg- ular tuition charges and required fees, various schools and departments may charge additional fees to cover special materials, equipment breakage and other costs of the specialized programs.

Drop vs. withdraw

Drop – charges are reduced to indicate that the stu- dent never attended the class. The student is not eligible to receive financial aid, and any financial aid already credited to the student’s account based on the original course registration will be removed from the student’s account and may create a balance due to the university.

Withdraw – results in the academic grade of “W.” Charges are assessed and adjusted according to the University Refund Policy. Students may owe a balance to the university.

Refund policy

The official university tuition and fees refund policy, applicable only for the fall and spring semesters (excluding short courses), is outlined in the table that follows. Refunds are calculated on a course-by-course (per credit hour) basis, disregarding the full-time cap amounts. Students who are enrolled full time and withdraw from course(s) may not receive a refund.

Refunds will be computed based on the actual withdrawal date certified by the Office of Records and Registration. Refunds will not be made to students who do not attend classes and have not completed the required withdrawal procedure. Refund processing may take approximately two weeks. Exceptions to this refund policy are made only in rare instances. Written application for an exception must be filed with the Student Accounting Department’s Refund Appeals Committee.

Requests for refunds of overpayment for non-financial aid recipients must be made in writing to VCU Student Accounting Department, P.O. Box 843036, Richmond, VA 23228-3036. Refund request forms are available at the student services centers, 827 W. Franklin St., Room 104 and 1101 E. Marshall St., Room 1-055.

Refunds of overpayment of financial aid are processed automatically. In accordance with credit card regulations, the university will refund the credit card account with any credit balance that may result on a student’s account as the outcome of a credit card payment. The remaining credit balance, if any, will be refunded to the student. Students are responsible for paying any increase in charges that may occur after the generation of the refund.

Financial aid implications

Based on federal regulations, students who receive Title IV financial aid funds (grants, loans or work-study) may be required to repay all or a portion of the financial aid that was disbursed to their student account if they withdraw from VCU prior to completing 60 percent of the fall or spring semester. For examples, see Page 7. For details on how this require- ment applies to your situation, please contact a counselor in the Office of Financial Aid at 901 W. Franklin St. (Shafter Court entrance) or call (804) 985-6669.
Defense crisis tuition relief, refund and reinstatement guidelines

These guidelines apply to any operation, including a defense crisis, in which the president of the United States declares a sudden mobilization that includes members of the Virginia National Guard or the active or reserve forces of the U.S. Armed Forces who are students enrolled at VCU. Students are offered the following enrollment secession options:

1. Drop all courses before the end of the add/drop period and receive a full refund of all funds paid the university. Students will be asked to sign the drop request form with the registrar indicating that they are not receiving a financial aid refund check or direct deposit.

This option might best meet the needs of students who are called to active duty service during the first week of school and did not receive a financial aid refund check or direct deposit.

2. Receive a grade of incomplete ("IM" – incomplete military) in one or all courses. Students residing in university housing will be released from their housing and meal contracts and will receive a prorated refund of these charges. Students who choose to take a grade of "IM" will not have tuition and fees reduced for these courses because credits will still be earned for the semester. Students will have 12 months from the date that they leave the university to complete the course work and earn a course grade.

This option might best meet the needs of students who have essentially completed all course work in a class for the semester, but have yet to turn in a final project, an exam or other materials. It should be agreed upon between the instructor and the student that the remaining course work can reasonably be completed during the upcoming 12-month period.

3. Accept administrative withdrawal ("WM" – withdrawal military) from one or all courses as of the effective date of the orders to active duty. If this option is elected, a full refund of all tuition, fees and prorated room/board charges will be made for the courses that the "WM" is elected. If a student received financial aid, the amount recovered to the financial aid accounts will follow Title IV guidelines not to exceed university charges.

This option might best meet the needs of students who are called to national service in the middle of a semester and have not completed 90 percent of their class requirements. This option also might best meet the needs of students who are leaving the university during the first week of class and received a financial aid refund check or direct deposit as a result of their financial aid.

Leaving the university. To initiate this process, the student must provide the university registrar with a copy of his/her active duty orders in addition to a printed copy of his/her course registration for that semester and indicate Option 1, 2 or 3 for each course. The university registrar will take the appropriate enrollment action, post the appropriate grades and send a copy of the orders and a copy of the student course request statement to the director of financial aid and the manager of student accounting.

Returning to the university. If the student returns within one year of completing their national emergency service requirement, the student may return to the university in the same program of studies without re-applying for admission. The student should begin the re-enrollment process by writing the director of admissions regarding their intent to re-enroll.

Statement of student financial responsibility

Every student is responsible for keeping a current mailing address on file with the Office of Records and Registration and having a VCU e-mail address. The student is expected to check his or her VCU official e-mail on a frequent basis, since it will be used to deliver important communications. Failure to receive an invoice because of an incorrect address does not relieve responsibility for timely payments.

A student who fails to meet payments when due may be assessed a late payment fee and is denied registration for future classes until he or she has paid all amounts owed to the university.

Student accounts with balances owed the university are referred to the Collection Unit. Pursuant to Section 2.2-4805 et. seq., of the Code of Virginia, and in accordance with rules and regulations promulgated by the state comptroller and attorney general of the commonwealth of Virginia, VCU will charge interest, costs and fees on all accounts past due. Students with balances owed the university are not issued degrees, transcripts, grades or grade reports, until all charges are paid in full.

Students are reminded that they are ultimately responsible for any unpaid balance on their account as a result of the Office of Financial Aid or their sponsor canceling or reducing the award.

Any communication disputing an amount owed, including an instrument tendered as full satisfaction of a debt, must be submitted to the Director of Student Accounting, Student Accounting Department, P.O. Box 843036, Richmond, VA 23284-3036. VCU participates in the Virginia Set-off Debit Collection Act of 1981. Under the provisions of this act, a Virginia individual income tax refund is subject to the university’s claim for unpaid balances of tuition and fees.

Financial implications of withdrawing from VCU

Students who receive federal Title IV grant or loan assistance and withdraw from Virginia Commonwealth University before completing 60 percent of the semester (as measured in calendar days) must have their eligibility recalculated based on the federal Return of Title IV Funds formula. This federal formula specifies that a student’s financial aid eligibility must be recalculated based on the aid the student has “earned” (based on the number of days that the student was enrolled or attending VCU prior to withdrawal). Any unearned aid for the period of enrollment that the student did not complete must be returned to the appropriate Title IV program(s) from which the student was awarded.

VCU students who withdraw prior to completing 60 percent of the semester will have to pay all or a portion of the financial aid funds that were disbursed to their VCU student accounts. They also may be responsible for all or a portion of their university charges that were previously paid by financial aid sources.

The following cases illustrate how the federal Return to Title IV is applied. Please note that the cases are for example only and do not reflect actual dates and amounts.

**Case 1:** Sally is enrolled for 12 hours during the fall semester as an out-of-state student; the first day of classes for the program in which she is enrolled is Aug. 26 and the last day is Dec. 17. Sally’s university charges and financial aid are as follows:

<table>
<thead>
<tr>
<th>VCU charges</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tuition and fees</td>
<td>$5,900</td>
</tr>
</tbody>
</table>

Financial aid funds of $5,500 were disbursed to her VCU student account toward tuition and fee charges of $5,900. Sally paid the remaining balance of $400 in cash. Sally missed two weeks of classes because of an illness. She returned to classes on Sept. 26, but decided after two days that she was too far behind in her course work to catch up with classes. On Sept. 27, she notified the registrar that she was withdrawing and began the official withdrawal process. Since Sally withdrew on Sept. 27, she only completed 26.9 percent of the semester and is entitled to keep only 26.9 percent of her federal financial aid. Therefore, 71.1 percent must be returned to the federal government.

VCU must cancel $3,910 (all of the Federal Direct Subsidized Loan and Federal Pell Grant funds and $210 of the Federal SEOG Grant funds). These funds will be returned to the federal government on Sally’s behalf. This action will create charges of $3,910 on Sally’s VCU student account; however, because she withdrew from all classes during the fourth week, the tuition and fees of $5,900 would be reduced to $3,540 (a savings of $2,360). The result is that Sally must repay to VCU $1,550 that was previously paid by financial aid sources.

**Case 2:** Steve is enrolled for 15 hours during the fall semester as an in-state student; the first day of classes for the program in which he is enrolled is Aug. 26 and the last day is Dec. 17. Steve’s university charges and financial aid are as follows:

<table>
<thead>
<tr>
<th>VCU charges</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tuition and fees</td>
<td>$1,900</td>
</tr>
<tr>
<td>Room and board</td>
<td>$2,700</td>
</tr>
</tbody>
</table>

Total VCU charges $4,600

Financial aid funds of $4,400 were disbursed toward his student account charges of $4,600, and Steve paid the remaining balance of $200 using his credit card.

Sometime during the semester Steve stopped attending classes, but he did not notify anyone that he was withdrawing from school. He simply left the university. At the end of the semester his instructors reported grades of all “F”s since he had not completed his course work. Steve’s last day of attendance is not known to VCU since he did not officially withdraw; therefore, the midpoint of the semester is used as the last date of attendance for Title IV funding purposes. This means that Steve earned only 50 percent of the financial aid that he had originally received for the semester. Therefore, 50 percent must be returned to the federal government.

VCU must cancel $2,200 (all of the Federal Direct Unsubsidized Loan funds and $200 of the Federal PLUS Loan funds.) These funds will be returned to the federal government on the borrowers’ behalf. This action will create charges of $2,200 on Steve’s account. Since Steve’s withdrawal date for Title IV purposes was during the eighth week of classes, there is no tuition and fee adjustment. Because of the reduction of financial aid required by the federal Return of Title IV Funds formula, Steve must repay VCU $2,200 that was previously paid by financial aid funds.

Planning information for summer sessions

If you anticipate enrolling for summer sessions and are receiving financial aid during the regular school year, please think about your budget now.

Federal Direct Loans are limited by your grade level and dependency status to the following annual and lifetime loan limits:

<table>
<thead>
<tr>
<th>Dependent (as defined by the FAFSA)</th>
<th>Independent (as defined by the FAFSA)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Dependent</strong></td>
<td><strong>Independent</strong></td>
</tr>
<tr>
<td><strong>Annual Maximum</strong></td>
<td><strong>Total Lifetime</strong></td>
</tr>
<tr>
<td>Loan Amount</td>
<td>Loan Limit</td>
</tr>
<tr>
<td>Freshmen (less than 24 earned hours)</td>
<td>$2,625</td>
</tr>
<tr>
<td>Sophomore (24 to 53.9 earned hours)</td>
<td>$3,500</td>
</tr>
<tr>
<td>Junior/Senior (54 or more earned hours)</td>
<td>$5,500</td>
</tr>
<tr>
<td>Graduate</td>

<tr>

</tbody>
</table>

The more Federal Direct Loan funds you borrow during fall and spring semesters, the fewer loan funds you will have available for the summer sessions.

**Example 1:** If a dependent junior plans to participate in study abroad during the summer, below are two possible budgeting alternatives for covering summer expenses:

| Alternative 1 | $3,500 | $2,750 | $1,500 | $4,000 |
| Alternative 2 | $4,000 | $2,750 | $1,500 | $4,000 |

If the student budgets loan funds and sets aside $1,500 (as done in Alternative 2 above), the student may still need to borrow additional private alternative loan funds during the summer sessions, but the amount of the private alternative loan would be less than would otherwise be needed. Private alternative loans generally require a clean credit history and/or a credit-worthy cosigner. Private alternative loans will accrue interest while the student is in school, but many times, payments can be deferred until after completion of the educational program at VCU — please contact the private alternative lenders for further details.

**Example 2:** If a dependent freshman student borrows the maximum loan amount of $2,625 during fall and spring and earns at least 24 credit hours by the end of the spring semester, the student will be a sophomore for the summer sessions. As a sophomore, the student may borrow up to $3,500 annually, so the student could borrow the remaining $875 in Federal Direct Loan eligibility during the summer ($3,500 - $2,625 = $875).

The above limits are for the academic year (Fall/Spring). However, the policies used for the summer sessions are different. To determine the amount that you may borrow during the summer, you need to complete the Free Application for Federal Student Aid (FAFSA) at least 30 days before the start of the summer session.

Eligibility to enroll

Undergraduates
All students enrolled for credit as degree-seeking or special (nondegree-seeking) students must demonstrate their eligibility. Students dismissed from other institutions for academic deficiency may not enroll in classes at VCU. This policy may be waived for students who have not been in attendance at the dismissing institution for at least one year.

A student may enroll in undergraduate classes if he/she:

- is currently enrolled or admitted to a degree program and is eligible to continue at VCU;
- is a high school graduate or GED holder who has been out of school for at least one year;
- is a transfer student who is eligible to return to the former institution or has been out of school for at least one year;
- is a former VCU student who is eligible to return;
- is a degree holder taking undergraduate courses, or
- is an eligible transient student.

A student who has not been out of high school a full calendar year must meet the undergraduate degree admission standards to study as a special (nondegree-seeking) student.

Graduate students
Degree-seeking graduate students. For information about admission to graduate programs, students should consult the VCU Graduate and Professional Programs Bulletin or contact School of Graduate Studies, 1001 Grove Ave., (804) 828-6916.

New students not admitted to a VCU graduate program, but who hold baccalaureate degrees, may enroll as nondegree-seeking students but must complete Residency and Certification of Eligibility forms. Students should be prepared to document that they meet the course requirements (according to the VCU Graduate and Professional Programs Bulletin) and should understand that they may be removed from the courses if they do not qualify.

Before enrolling in the graduate courses, students should be advised properly by the offering academic department. In the School of Business, credit for courses will not apply to a VCU graduate degree in business unless the student has been admitted previously to a degree program. Questions concerning graduate school standards should be addressed to:

Sherry Sandkam, Associate Dean
School of Graduate Studies
1001 Grove Ave.
P.O. Box 830351
Richmond, VA 23284-3051

Senior Citizen Tuition Waiver
The Senior Citizen Higher Education Act of 1974 provides that any legal resident of the state who before the beginning of any semester or semesters in which he or she claims benefits of the act, and who has had legal domicile in the state for one year may, without paying tuition, register for and enroll in courses under the conditions outlined in the act as amended in 1962 and 1986.

The tuition-free policy shall apply except that the senior citizen shall be subject to fees established for the purpose of paying for course materials, such as laboratory fees, individualized music instructions, etc.

Senior citizens not enrolled for academic credit may not register for more than three courses in any one semester but may register each semester. The Senior Citizens Act benefits shall be available to persons 60 years of age or older with the following legally mandated provisions:

1. The senior citizen shall be subject to admission requirements of the institution.
2. The institution shall determine whether or not it has the ability to offer the course or courses.
3. If the senior citizen has a federal taxable income of not more than $10,000 during the preceding year, the individual may take a course for academic credit at no charge. If the person's taxable income exceeded $10,000, the individual may only audit the course at no charge. A senior citizen, regardless of income level, may take a noncredit course at no charge.
4. The senior citizen shall be admitted to a course after all tuition-paying students have been accommodated. Senior citizen applicants are advised of the opportunity to study at VCU should call (804) 828-1222 or the Office of Community Programs, (804) 828-1831.

Senior Citizen Tuition Waiver form must be submitted to the Student Accounting Department for each applicable semester. Forms are available at the student services centers on both campuses and on the Web: http://www.vcu.edu/enroll/forms.

Terms of continuance

Satisfactory progress
In order to be making satisfactory progress, a student must maintain a minimum cumulative grade-point average of 2.0 (“C” average) on all work attempted at this university. Any student making satisfactory progress is eligible to return to the university the following semester and may enroll for a normal class load of course work. Eligibility for financial aid may be impacted by academic progress.

Academic warning
A student is placed on academic warning when the cumulative GPA falls below 2.0 (grade “C”) at the conclusion of any semester of attendance — fall, spring or summer. Notification of warning appears on the student’s grade report and permanent record. A student remains on academic warning for one semester of attendance, at the end of which time the student must obtain a cumulative GPA of at least 2.0. Failure to achieve this GPA results in academic probation.

Academic probation
A student is placed on academic probation when the student’s cumulative GPA falls below 2.0 for two successive semesters of attendance. Notification of probation will appear on the student’s grade report and permanent academic record. Students on academic probation are expected to improve their cumulative GPA by achieving a semester GPA of 2.0 or better during each semester of attendance. A student who achieves a cumulative GPA of at least 2.0 is removed from academic probation.

Academic suspension
A student is placed on academic suspension when the student’s cumulative GPA is below 2.0 for two successive semesters and the following semester of attendance GPA falls below 2.0.

Notification of suspension appears on the student’s grade report and permanent record. The student also receives a certified letter from the Office of Records and Registration stating the conditions of the suspension. Academic suspension indicates the student has a record of continued unsatisfactory progress.

A student on academic suspension may not enroll at the university for two consecutive semesters, including the summer session. Course work taken at another institution while the student is under academic suspension from VCU is considered part of the criteria for re-admission, but the course work is not used to increase the VCU cumulative GPA. If the student is readmitted, the course work will be evaluated according to regular procedures.

A student may apply for readmission to VCU for the semester following completion of the suspension period. A student readmitted after suspension enrollment under the academic probation status and is subject to the provisions of that status. If a student readmitted after suspension fails to obtain a semester GPA of 2.0 in any semester before losing the transfer credit. A repeated course may be counted only once as credits presented toward graduation.

Courses attempted on the Academic Campus can be repeated. All credits attempted and grade points earned are included in the computation of the cumulative GPA with one exception, which applies only to students enrolled in programs on the Academic Campus. If a student repeats a course in which a “D” or “F” was earned on the first attempt, the student may request at the time of registration that only the better grade be counted in computing the cumulative GPA. The grade is not excluded until the request is made. If, however, more than one “D” or “F” grade is received in the same course, only one, of these grades will be removed from the computation of the cumulative GPA.

A student can file the Historical Repeat Course Option Form at any time during a semester prior to the awarding of the undergraduate degree. This form must be filed before the last week of classes in any other college or university. The student's GPA at graduation will not be affected by repeating a course at any time after graduation.

Readmission guidelines
Readmission is subject to individual degree program requirements. Contact the program department or consult the appropriate program portion of the bulletin for specific information.

Students who withdraw from all courses after the first week of the semester are considered to have been enrolled for that semester. A student who does not attend
VCU for three or more successive fall and spring semesters excluding summer sessions, must submit an application for readmission to the Office of Undergraduate Admissions. Students who have attended another institution or who have been suspended since their last enrollment at VCU also must apply for readmission. This application must be done before the application submission date for the semester in which the student plans to return.

Advising program
Students are responsible for knowing and fulfilling all general and specific degree requirements as described in the bulletin.

Individual student advising is an integral part of the VCU student’s academic program. Each degree-seeking student is assigned a faculty adviser who is available for academic and career advising. Special nondegree-seeking students should contact the College of Humanities and Sciences’ Special Student Advising Office at 310 N. Shafer St.

Additional assistance for all students is available from the Counseling Center and the University Career Center.

Change of major
Students who wish to change their majors must file a Change of Major Form. These forms are available at the Student Services Center in Founders Hall. The change of major becomes official after the OnTrack@VCU Office has received the form signed by the dean or chairperson of the appropriate school or department. A change of major should not occur for current semesters after the “add/drop” period. Majors may be changed for the current semester only through the first week of classes. Changes processed after the first week are effective for the following fall or spring semester. Changes processed during the summer sessions are effective for the following fall semester. Students who request or change a double major, a concentration within a major or a minor after the add/drop period and do not enroll or drop all courses will need to re-request those changes.

Before initiating a change of major, students should carefully review the requirements and prerequisites of the program they wish to enter. In certain programs – including those in the Schools of the Arts, Business, Education, Mass Communication and in interdisciplinary students – a candidate must fulfill additional requirements before being accepted as a degree-seeking student.

Students currently enrolled in an MCV Campus program who wish to change to a curriculum on the Academic Campus must file a Change of Major Form. Such students are subject to the continuance policy of the Academic Campus after the major has been changed. Students currently enrolled in an MCV Campus program who which to change to another MCV Campus curriculum must go through the admission process outlined in the appropriate university bulletin.

Credits previously earned at VCU or at another university may or may not be applicable to the new major.

Financial aid academic requirements
For students who are receiving financial aid, please be aware that all students are required to make Reasonable Academic Progress (RAP) toward their degree. These RAP standards are based on regulatory requirements that must be met in order to continue receiving federal or state financial aid funds. At a minimum, all undergraduate students must earn at least a 1.0 GPA by the end of their first academic year and must maintain at least a 2.0 GPA by the end of their second academic year. Graduate students are expected to earn and maintain at least a 3.0 GPA. All students must complete and earn at least 67 percent of the course work attempted (remember attempted credits also include “W” withdrawals, “I” incompletes, repeated courses, “CO” continuing grades and all “F” grades), and undergraduate students must complete their degree before attempting more than 150 percent of the credits necessary for their degree. For details on these financial aid requirements or procedures on how to appeal a financial aid suspension, please visit our Web site: http://www.vcu.edu/enroll/finaid.

Counselors also are available to answer your questions at the Office of Financial Aid, 901 W. Franklin St. (Shafer Court entrance) or you may call (804) 828-6669.
All courses offered on campus for this semester are listed in the following pages. Courses in the 100 and 200 series are lower-level courses usually for freshmen and sophomores; 300 and 400 series are upper-level courses for juniors and seniors; 500, 600, 700 and 800 series courses are graduate-level courses.

Students usually must have a bachelor's degree to enroll in graduate-level courses; however, certain undergraduate students with the permission of the departments and the students' advisers may take some 500-level courses.

Please note: The university reserves the right to discontinue any course announced in this schedule because of low enrollment or other reasons deemed sufficient by the university. To ensure high academic standards, the university reserves the right to close registration in a course after the maximum enrollment has been reached. In addition, the university reserves the right to make changes in faculty, fees or schedules as necessary.

Section numbers
The beginning letter or number indicates whether a course is a honors, a variable credit, an evening, laboratory or intersession course.

7XX = honors 9XX = variable credit (MCV Campus only)
8XX = evening LX = laboratory
CXX = off campus VXX = intersession

Day codes
The use of multiple symbols means that the class meets on each day indicated. MWF indicates Monday, Wednesday and Friday and TR indicates Tuesday and Thursday.

Comments/restrictions
Many sections have a comment that refers to the section preceding the comment. Please adhere to these comments. Ignoring the comments and enrolling in the class may result in enrollment in a class that you are not eligible to take. Note the message that a fee is required for a particular course. (The fee table lists the fees for the courses with the fee required message.) For example:

CART 207 INTRODUCTION COMPUTER TECHNIQUES (3) 16542 901 STAFF M 0100PM 0545PM PLLAK 0221A FEE REQUIRED - SEE FEE TABLE IN FRONT OF BOOK

Many sections have major, school and classification restrictions placed on them by the department offering the course. Any restriction for a section is listed directly below that section's listing. Enrollment in restricted courses is limited. For example:

CARD 207 INTRODUCTION COMPUTER TECHNIQUES (3) 16542 901 STAFF M 0100PM 0545PM PLLAK 0221A FEE REQUIRED - SEE FEE TABLE IN FRONT OF BOOK

This section of CARD 207 is only open to Communication Arts and Design (CDE) majors. If your major is Psychology (PSY) for example, you may not register for this section without an override.

MRLB 376 DYNAMICS OF RETAIL MANAGEMENT (3) 13388 901 LITTLE M 0300PM 0445PM BUSNS 3103

This section is not open to BFO or SMD majors.

Students also should refer to the appropriate bulletin for additional course requirements and co/Prerequisites.

Congratulations on your enrollment at Virginia Commonwealth University. You are a member of a community of learning at VCU. All members of this unique community, including faculty, students and administrators, have agreed to act with honor and integrity in all matters. As a student at VCU, you will be expected to practice personal and academic integrity; respect the rights and property of others; honor the rights of others to their opinions, and strive to learn from the differences in people, ideas and cultures.

In the academic community, the practice of academic integrity is of the highest priority. The honor system obligates each student to understand the types of conduct that are unacceptable, to refrain from acts of cheating and plagiarism, and to report those who violate these standards. The honor system assumes that each student's word can be trusted implicitly and that a violation of a student's word is a violation of the honor system. The honor system obligates each student to stand the types of conduct that are unacceptable, to refrain from acts of cheating and plagiarism, and to report those who violate these standards.

The Honor System utilizes the Honor Pledge, which states, "On my honor, I have neither given nor received aid on this assignment." **Chemistry**

All chemistry classes, including laboratories and recitation sections, meet from the first day of classes. Students enrolled in chemistry classes must attend the first scheduled class. Students on the class roll who do not attend the first scheduled class may be dropped and replaced with students waiting to add the class.
## Schedule of Classes

Mathematics
Any student requiring a mathematics course before enrolling in a calculus, statistics or computer science course should follow the advice: if you have not taken the Mathematics Placement Test and have not taken the prerequisite course for the course you need, take the Mathematics Placement Test before enrolling in mathematical science courses. Make sure you know which courses are recommended for your major. Both the Department of Mathematics and Applied Mathematics and your advisor can help you with the possible choices.

For those preparing for, and not placing into, calculus (MATH 200), MATH 151 Precalculus Mathematics is the appropriate prerequisite course. For those preparing for, and not placing into, statistics, (STAT 208 or STAT 210), MATH 131 or MATH 141 is recommended as a prerequisite, though any higher numbered MATH course will serve as well; it is important that you satisfy any additional mathematics requirements of your department as well as preparing for your statistics course. (For more information about the Mathematics Placement Test or college requirements, please visit http://www.math.vcu.edu/mathlab/)

The noncredit course MATH 001 Elementary Algebra is only available during the summer session, and will not be offered for Fall 2003.

Statistics

Any students requiring a statistics course for their major should check with their department/adviser regarding which course is appropriate. Some departments require STAT 210, some require STAT 208, and some recommend (but do not require) one or the other. Note that the prerequisite for either course is a satisfactory score on the Mathematics Placement Test or completion of MATH 131 or higher level math course. Transfer students can demonstrate accepted transfer credit for a college (or higher level) course as a prerequisite.

**36 Fall 2003**
Applied Music

Note to students registering for private lessons: private lessons in classical and jazz instruments and voice are available to VCU students for one credit. Ability to read music is required. For undergraduate music majors, one-credit lessons have an additional applied music fee of $142/semester. For graduate non-music majors, one-credit lessons have an additional applied music fee of $225/semester, two-credit lessons have an additional fee of $450/semester. For graduate music majors, one-credit lessons have an additional applied music fee of $150/semester. One-credit lesson registration entitles the student to 7.5 hours of private instruction during the summer session. Lessons are available on most classical and jazz instruments, depending on the availability of the instructors. Lessons in voice are available, but audition is required. To register for any private lesson, non-music majors must obtain the correct call number from Room 132, Performing Arts Center, 922 Park Ave., or call the Department of Music office, (804) 828-1166. Music majors need to consult their advisers. All undergraduate students register on the 300 level, all graduate students register on the 600 level. After registering for lessons, it is the responsibility of the student to contact his or her assigned teacher by the conclusion of the add/drop period. Teacher assignments are posted beside Room 132, Performing Arts Center, 922 Park Ave., on the first day of classes each semester. Any student who decides to drop or withdraw from a private lesson has the responsibility to do so prior to the prescribed university deadlines. University policies regarding tuition refunds apply to private lessons. The applied music fee is not refundable after the add/drop period.

Introduction to the University

VCU1 101 Introduction to the University. This course is designed to orient new students to the rich traditions and purposes of an education at Virginia Commonwealth University. It is designed to assist students in making the transition to academic life at VCU from high school, community college, other university or work force. Through lectures, class discussions, on-campus projects, readings and the opportunity to work with faculty in a small-group setting, students can discover the resources and services of VCU, assess their academic strengths and limitations, consider academic and career goals, and clarify expectations about being a student at VCU. After this course, students will understand better their “fit” as a new member of the VCU community and the ways to achieve a personally rewarding and successful academic program.

Service Learning Classes

Service-learning courses extend the boundaries of the classroom into the community so that students can get first-hand experience applying the knowledge of the course to real-world challenges. Students participate in community service projects and then reflect on their activities in the classroom so that they can better understand the course material and needs of the community. For general information on service learning contact Tish Colvin in the Office of Community Programs at (804) 828-8824. For more information on any of the service-learning courses listed below please contact the instructor/department directly.
