Eligibility to enroll

Undergraduates
All students enrolled for credit as degree-seeking or special (nondegree-seeking) students must demonstrate their eligibility. Students dismissed from other institutions for academic deficiency may not enroll in classes at VCU. This policy may be waived for students who have not been in attendance at the dismissing institution for at least one year.

A student may enroll in undergraduate classes if he/she:
• is currently enrolled or admitted to a degree program and is eligible to continue at VCU,
• is a high school graduate or GED holder who has been out of school for at least one year,
• is a transfer student who is eligible to return to the former institution or has been out of school for at least one year,
• is a former VCU student who is eligible to return,
• is a degree holder taking undergraduate courses, or
• is an eligible transient student.

A student who has not been out of high school a full calendar year must meet the undergraduate degree admission standards to study as a special (nondegree-seeking) student.

Graduate students
For information about admission to graduate programs, students should consult the VCU Graduate and Professional Programs Bulletin or contact the School of Graduate Studies, 1001 Grove Ave., (804) 828-6916, or 1101 E. Marshall St., Room 1-024, (804) 828-0732. Written inquiries should be addressed to P.O. Box 980568, Richmond, VA 23298-0568.

New students not admitted to a VCU graduate program, but who hold baccalaureate degrees, may enroll as nondegree-seeking students but must complete residency and certification of eligibility forms. Students should be prepared to document that they meet the course requirements (according to the VCU Graduate and Professional Programs Bulletin) and should understand that they may be removed from the courses if they do not qualify.

Before enrolling in the graduate courses, students should be advised properly by the offering academic department. In the School of Business, credit for courses will not apply to a VCU graduate degree in business unless the student has been admitted previously to a degree program.

Questions concerning graduate school standards should be addressed to:
Sherry Sandkam, associate dean
School of Graduate Studies
1001 Grove Ave.
P.O. Box 843051
Richmond, VA 23284-3051
(804) 828-6916

Senior citizen
The Senior Citizens Higher Education Act provides that eligible senior citizens may, subject to certain limitations, audit or register for credit, tuition-free, in courses offered at VCU for academic credit. Students, including senior citizens, may not register for audit until the first day of class.

Senior citizens must be 60 years of age and have legal residency in Virginia for at least one year. They are eligible to audit credit classes regardless of income. Senior citizens with yearly taxable incomes of less than $10,000 can enroll in classes for credit. In addition, senior citizens must meet VCU admission requirements, are limited to a maximum of three courses, are enrolled after tuition-paying students have been accommodated, and must pay established course fees.

Senior citizens wishing to avail themselves of the opportunity to study at VCU during the summer should call (804) 828-1831.

Regulations

The official policies of the university are stated in full in the university bulletins. Consult the bulletins or call the Office of Community Programs, (804) 828-1831, for more information.

Academic Regulations Appeal Committee
The Academic Regulations Appeal Committee considers petitions for waivers of academic regulations. A special student desiring to appeal an academic regulation should contact Dr. Xochela James (804) 828-1650. Degree-seeking students should see their advisers or assistant deans.

Attendance

Attendance criteria are the responsibility of each school and may vary from class to class. Students must abide by the requirements announced in each class.

When warranted, a instructor may mail attendance warnings to students faced with being withdrawn for non-attendance. Each student is responsible for keeping a current mailing address on file with the Office of Records and Registration (827 W. Franklin St., Room 104, (804) 828-1349). If mail is returned to the Office of Records and Registration because of an incorrect address, further registration activity will be prohibited until the student provides an address correction.

Change of major

Students who wish to change their majors must file a Change of Major Form. These forms are available at the Student Services Center in Founders Hall. The change of major becomes official after the OnTrack@VCU Office has received the form signed by the dean or chairperson of the appropriate school or department. A change of major should not occur for current semesters after the add/drop period. Majors may be changed for the current semester only through the first week of classes. Changes processed after the first week are effective for the following fall or spring semester. Changes processed during the summer sessions are effective for the following fall semester. Students who request, or change, a double major or a concentration within a major or a minor after the add/drop period and who do not enroll or drop all courses will need to re-request those changes

Before initiating a change of major, students should carefully review the requirements and prerequisites of the program they wish to enter. In certain programs — including those in the schools of the Arts, Business, Education and Mass Communications and in interdisciplinary studies — a candidate must fulfill additional requirements before being accepted as a degree-seeking student.

Students currently enrolled in an MCV Campus program who wish to change to a curriculum on the Academic Campus must file a Change of Major Form. Such students are subject to the continuity policy of the Academic Campus after the major has been changed. Students currently enrolled in an MCV Campus program who wish to change to another MCV Campus curriculum must go through the admission process outlined in the appropriate university bulletin.

Credits previously earned at VCU or at another university may or may not be applicable to the new major.

Continuance

Academic warning. A student is placed on academic warning when his/her cumulative GPA falls below 2.0 (or “C”) by the conclusion of any semester of attendance (fall, spring, summer). Such notification will appear on the student’s grade report. A student remains on academic warning for one semester (fall, spring, summer) of attendance at the end of which time the student must obtain a cumulative GPA of at least 2.0. Failure to do so results in academic probation.

Academic probation. A student is placed on academic probation when the cumulative GPA is below 2.0 for two successive semesters of attendance. (Summer is a semester of attendance.) Such notification will appear on the student’s grade report.

Academic suspension. A student is placed on academic suspension when the cumulative GPA is below 2.0 for two successive semesters and the following semester GPA is below a 2.0. (Summer is considered a semester.) Notification of suspension will appear on the student’s grade report, the student also receives a letter from the Office of Records and Registration stating the grades previously earned at VCU and a notification of suspension is placed on the student’s transcript.

Academic suspension indicates that the student has a record of continued unsatisfactory progress.

A student on academic suspension may not enroll at the university for two consecutive semesters, including summer (fall and spring, spring and summer, or summer and fall). Students who receive a second suspension will be eligible to be considered for readmission only after a period of separation from the university of at least five years.

Students with questions concerning their suspension status should contact the College Success Program. Students who wish to appeal their suspensions to the Academic Regulations Appeal Committee must submit a written request to the assistant deans of their schools or, in the case of special students, to the College Success Program.

Credit Options

College Level Examination Program (CLEP). Degree-seeking students may earn up to a maximum of 54 hours with satisfactory scores on CLEP tests. Students should call (804) 828-8420 for further information.

Independent study. Independent study, readings and research, practicum, internship, thesis, and dissertation courses are available in some departments during the summer.

Military Services Education. VCU grants credit for formal military service school courses offered by the various branches of the U.S. Armed Services. Call Deborah Hobson at (804) 828-8420 for additional information.

Grade Exclusion Policy

Rereadmitted students who have been completely separated from VCU for five or more years and who meet additional eligibility criteria may request to have “D” and “F” grades (“F” grades previously earned at VCU excluded from their total credits earned and GPA computation for the purpose of meeting scholastic continuance and graduation requirements. For full information, refer to the Undergraduate Bulletin or call (804) 828-1831 or (804) 828-1349.

Grades and marks

Grades and grade points. VCU course work is measured in terms of quantity (semester hours of credit) and quality (grades). Grades are assigned according to a letter system; each letter is assigned a grade-point value.

The number of grade points earned is computed by multiplying the grade-point value by the number of semester credits. For example, a student receiving an “A” (four grade points) in English 101 (three credits) earns 12 grade points.

The grade-point average is computed by dividing the number of grade points earned by the number of credits attempted. Only courses taken at VCU are included.

Repeated courses
If a student repeats a course in which a "D" or "F" was earned on the first attempt, the student may request that only the better grade be counted in computing their GPA. This option can be used for the removal of only one grade of "D" or "F" and the subsequent credit hours per course from the computation of the cumulative GPA. However, the removed grade will still appear on the student's academic record but will not influence his/her GPA. This option is not available for graduate courses. A historical repeat form must be submitted to the Student Services Center in order to request the repeat course option.

Readmission guidelines
Readmission is subject to individual degree program requirements. Contact the program department or consult the appropriate program portion of the bulletin for specific information.

Students who withdraw from all courses after the first week of the semester are considered to have been enrolled for that semester. A student who does not attend VCU for three or more successive fall and spring semesters must submit an application for readmission to the Office of Undergraduate Admissions. Students who have attended another institution or who have been suspended since their last enrollment at VCU also must apply for readmission. This application must be done before the application submission date for the semester in which the student plans to return.

Student progress
Students are encouraged to discuss progress in courses with their instructors at any time. Instructors will endeavor to provide some form of evaluation of students' academic achievement throughout the duration of the course.

Degree-seeking students are encouraged to work closely with their advisers as they progress through an academic program. Degree-seeking students who do not know who their advisers are should call their department or school. See the directory of deans, directors and department chairs on pages 56–58.

Transient students
A student who is presently seeking a baccalaureate degree at another institution of higher education may register as a transient student by meeting the following criteria:
1. Transient students must be in good standing at their home institutions.
2. Transient students must have a letter from their home institution approving the courses they will enroll in learning communities during their first semester. Program participants will receive a letter from their home institution approving the courses they will
3. Transient students may register for most courses. Students enrolled in the program.
4. Transient students must be in good standing at their home institution.

Workload regulations
Each summer course is designed to give one semester's worth of work. With careful scheduling, it is possible for students to earn as many as 15 credits during the summer if course work extends over the full calendar, May 24 through Aug. 13. Students may not take more than 15 hours without special permission. Contact the Summer Studies Office at 920 W. Franklin St., Room 202 or call (804) 828-1831.

Summer success is predicated on the academic standard of one credit per week. Six credits in five weeks or nine credits in eight weeks are considered a normal load, but VCU does not permit six credits in four weeks or nine credits in six weeks.

Three-week classes are intensive and demanding. Students experiencing academic difficulty should consider this advice carefully before registering for three-week classes.
