Service-learning courses

Service-learning courses extend the boundaries of the classroom into the community so that students can get first-hand experience applying the knowledge of the course to real-world challenges. Students participate in community service projects and then reflect on their activities in the classroom so that they can better understand the course material and needs of the community. For general information on service learning visit http://www.vcu.edu/ogp/programs/servicelearning or contact Daphne Rankin in the Office of Community Programs at (804) 827-8215. For more information on any of the service-learning courses listed below please contact the instructor/department directly. College of Humanities and Sciences
