

## Course Evaluation for School of Engineering

How would you rate the following aspects of the course:

Outstanding (greatly exceeds expectations)	Exceeds expectations	Meets expectations	Needs improvement to meet expectations	Unacceptable	Not Applicable
---	-------------------------	-----------------------	---	--------------	-------------------

The course organization and format

The course effectiveness in significantly increasing student knowledge and skills in the subject area

The lecture notes, homework solutions, syllabus, or other instructor supplied material used in this course

The relevance of the homework assignments to the course material

The usefulness of the homework assignments as a learning / feedback aid

The relevance of the tests, quizzes, and examinations (Were questions clearly related to the course material?)

The usefulness of the tests, quizzes, and exams as a learning / feedback tool

The fairness of the tests given in this course (Did the tests reasonably cover the course material as expected? Was sufficient time allotted to complete tests?)

The textbook used for this course

Give an overall rating of the course.

**Please rate the instructor:**

Outstanding (greatly exceeds expectations)   Exceeds expectations   Meets expectations   Needs improvement to meet expectations   Unacceptable   Not Applicable

The instructor's organization for the course (Was the material presented in

a logical, systematic sequence?)

The instructor's level of preparation for lectures and use of class time

The instructor's use of example problems to illustrate key points or techniques

The instructor's ability to offer practical applications for the topics covered

The instructor's ability and willingness to answer questions clearly and to alleviate confusion about key concepts

The instructor's ability to "connect" the course material to the things you have learned in previous courses

The instructor's use of learning objectives for the course

(Did the instructor convey clear expectations of the material you should learn in this course for exams, quizzes, etc.)

The availability of the instructor

The enthusiasm of the instructor

The instructor's attitude toward the students

The overall effectiveness of the instructor in the classroom

The overall fairness of the instructor

Give an overall rating of the instructor

**Discuss the level of difficulty of this course, the pace of the course, and the level of effort required to complete the work in this course. If applicable, provide comments about the usefulness and effectiveness of the recitation sections (problem sessions).**

**Choose one or more of the areas above for which you assigned a negative rating and explain how the instructor might improve in this area. Try to offer concrete advice and constructive criticisms. (What suggestions do**

**you have for improvements in this course? What comments do you have on ways to improve instruction of this course?)**

**Choose one or more of the areas above for which you assigned an especially positive rating and explain why you feel the instructor did especially well in that area. (What things did the instructors do that other instructors should emulate? What were the strengths of this course? What are the things you believe the instructor has done especially well in this course?)**

**What values, knowledge, and skills have you gained from this course?**
