Reading the codes

All courses offered on campus for this term are listed in the following pages. Courses in the 100 and 200 series are lower-level courses usually for freshmen and sophomores; 300 and 400 series are upper-level courses for juniors and seniors; 500, 600, 700 and 800 series courses are graduate-level courses.

Students usually must have a bachelor's degree to enroll in graduate-level courses; however, certain undergraduate students with the permission of the departments and the students' advisers may take some 500-level courses.

Please note: The university reserves the right to discontinue any course announced in this schedule because of low enrollment or other reasons deemed sufficient by the university. To ensure high academic standards, the university reserves the right to close registration in a course after the maximum enrollment has been reached. In addition, the university reserves the right to make changes in faculty, fees or schedules as necessary.

Section numbers

The beginning letter or number indicates whether a course is a honors, a variable credit, an evening, laboratory or intersession course.

- 7XX = honors
- 8XX = variable credit
- 9XX = evening
- CXX = off-campus
- LXX = laboratory
- VXX = intersession

Day codes

The following symbols are used for the days of the week:

- U = Sunday
- M = Monday
- T = Tuesday
- W = Wednesday
- R = Thursday
- F = Friday
- S = Saturday
- TBA = To be announced

The use of multiple symbols means that the class meets on each day indicated. MWF indicates Monday, Wednesday and Friday and TR indicates Tuesday and Thursday.

Comments/restrictions

Many sections have a comment that refers to the section preceding the comment. Please adhere to these comments. Ignoring the comments and enrolling in the class may result in enrollment in a class that you are not eligible to take. Please note the message that a fee is required for a particular course. (The fee table lists the fees for the courses with the fee required message.) For example:

CARD 207 INTRODUCTION COMPUTER TECHNIQUES (3.00)
 16542 001 STAFF M 0100PM 0545PM PLLAK 0221A
 FEE REQUIRED - SEE FEE TABLE IN FRONT OF BOOK

Many sections have major, school and classification restrictions placed on them by the department offering the course. Any restriction for a section is listed directly below that section's listing. Enrollment in restricted courses is limited. For example:

CARD 207 INTRODUCTION COMPUTER TECHNIQUES (3.00)
 16542 001 STAFF M 0100PM 0545PM PLLAK 0221A
 MAJORS ONLY

This section of CARD 207 is only open to Communication Arts and Design (CDE) majors. If your major is Psychology (PSY) for example, you may not register for this section without an override. For example:

MRBL 376 DYNAMICS OF RETAIL MANAGEMENT (3.00)
 13080 001 LITTLE, M MW 0330PM 0445PM BUSNS 3103
 RESTRICTED FROM BFO & SND MAJORS

This section is not open to BFO or SND majors.

Holiday Intersession

Three-credit classes meet Dec. 27-31 and Jan. 3-8 regardless of published or added university and state holidays. The first day of class is Monday, Dec. 27, 9 a.m. to 2 p.m. (one hour break for lunch).

Students may register for a Holiday Intersession course during spring 2000 advance registration. Intersession classes, however, will not be computed in the calculation of spring load for tuition purposes. An intersession fee (regular tuition/no fees) will be charged and will appear on the spring bill.

A full refund will be granted if an intersession class is **dropped before 4:30 p.m. on the day of the first class meeting**. There will be **no partial refunds** during Holiday Intersession. **The last day to withdraw from a three-credit intersession class with a mark of "W" is Friday, Dec. 31 at 2 p.m.** For classes of fewer than three credits, meeting times and withdrawal dates may be obtained from the Student Services Center located in Room 104, 827 W. Franklin St.

Any student who is suspended at the end of fall 1999 term will be dropped from his/her intersession course.

For information concerning the Holiday Intersession, contact the Office of Community Program at (804) 828-1831.

Service learning

Service-learning courses extend the boundaries of the classroom into the community so that students can get first-hand experience applying the knowledge of the course to real-world challenges. Students participate in community service projects and then reflect on their activities in the classroom so that they can better understand the course material and needs of the community. For more information on service learning contact Dr. Cathy Howard or Kim Hale in the Office of Community Programs at (804) 828-1831.

Chemistry

All chemistry classes, including laboratories and recitation sections, meet from the first day of classes. Students enrolled in chemistry classes must attend the first scheduled class. Students on the class roll who do not attend may be dropped and replaced with students waiting to add the class.

Mathematics

Any student requiring a mathematics course before enrolling in a calculus, statistics or computer science course should note the following: If you have not taken the mathematics placement test and have not taken the prerequisite course for the course you need, take the mathematics placement test before enrolling in mathematical sciences courses. With the advent of new general education requirements in all schools within the university, the 100- and 200-level mathematical sciences courses have been revised. Make sure you know which of these courses are recommended for your major. Both the Department of Mathematical Sciences and your adviser can help you with the choices possible. For those preparing for, and not placing into, calculus (MATH 200), MATH 151 Precalculus Mathematics is the appropriate prerequisite course. For those preparing for, and not placing into, statistics (STAT 208 or STAT 210), MATH 131 is the recommended prerequisite, though any higher-numbered MATH course will serve as well; it is important that you satisfy any of your department's requirements while preparing for your statistics course. The noncredit course Elementary Algebra (MATH 001) is offered in lecture (032-036, 937) and self-paced (004-014, 915-919) sections and is charged at the undergraduate three-credit hour rate. Algebra with Applications (MATH 141) is offered in self-paced (004-014, 915-919) sections.

Statistics

Any student requiring a statistics course for their major should check with their department/adviser regarding which course is appropriate. The two courses STAT 208 and STAT 210 replace the STAT 213 course, with some departments requiring STAT 210, some requiring STAT 208, and some recommending one or the other. Note that the prerequisite for either course is a satisfactory score on the Mathematics Placement Test or completion of MATH 131 or higher level MATH course. Transfer students can demonstrate accepted transfer credit for a college algebra (or higher level) course as prerequisite.

Applied Music

Note to Students Registering for Private Lessons. Private lessons in classical and jazz instruments and voice are available to VCU students for one to three credits each term. Ability to read music is required. For undergraduate music majors, one-credit lessons have an additional applied music fee of \$130/term, two- and three-credit lessons have an additional fee of \$260/term. For undergraduate non-music majors, one-credit lessons have an additional applied music fee of \$225/term, two-credit lessons have an additional fee of \$450/term. For graduate music majors, one-credit lessons have an additional applied music fee of \$150/term, two- and three-credit lessons have an additional fee of \$300/term. Registration for a one-credit lesson entitles the student to one 30-minute lesson per week for 14 weeks, two- and three-credit students are to receive a one-hour lesson per week for 14 weeks.

Lessons are available in the following areas: bassoon, carillon, cello, clarinet, conducting (graduate, three credits only), composition, double bass, drum set, euphonium, flute, French horn, guitar, harp, harpsichord, oboe, organ, percussion, piano, saxophone, trombone, trumpet, tuba, violin, viola, and voice. To register for any private lesson, non-music majors must obtain the correct call number from Room 132, Performing Arts Center, 922 Park Ave., or call the Department of Music, (804) 828-1166. Music majors need only consult their advisers. At the undergraduate level, one-credit lessons are open to all majors, two credit lessons are available to non-music majors with permission of instructor, and three credit lessons are restricted to music majors. Each course is repeatable without limitation. All undergraduate students register on the 300-level, all graduate music majors on the 600-level.

After registering for lessons, it is the responsibility of the student to contact his or her assigned teacher by the conclusion of the add/drop period. Teacher assignments are posted beside Room 132, Performing Arts Center, 922 Park Ave., on the first day of classes each term. Any student who decides to drop or withdraw from a private lesson has the responsibility to do so prior to the prescribed university deadlines. University policies regarding tuition refunds apply to private lessons. The applied music fee is not refundable after the add/drop period.

Management

Eligibility for enrollment in most upper division School of Business courses (300-400 levels) is restricted to juniors, seniors and graduate students and to special students who have completed baccalaureate degrees. Students without these qualifications may enroll only in the following upper division Management (MGMT) courses, provided any course prerequisites are met: MGMT 301-302 Business Statistics, MGMT 421 Small Business Mgmt. Before registering, please refer to the current university bulletin for course prerequisites or course restrictions.

Marketing and Business Law

Eligibility for enrollment in most upper division School of Business courses (300-400 levels) is restricted to juniors, seniors and graduate students and to special students who have completed baccalaureate degrees. Students without these qualifications may not enroll in the upper division Marketing and Business Law (MRBL) courses. Before registering, please refer to the current university bulletin for course prerequisites or course restrictions.

Academic Affairs

VCU1 101 - Introduction to the University. This course is designed to orient new students to the rich traditions and purposes of an education at Virginia Commonwealth University. It is designed to assist students in making the transition from a high school program, from a community college or other university program, or from the world of work to academic life at VCU. Through lectures, class discussions, on-campus projects, readings, and the opportunity to work with faculty in a small-group setting, students can discover the resources and services of VCU, assess their academic strengths and limitations, consider academic and career goals, and clarify expectations about being a student at VCU. After this course, students will understand better their "fit" as a new member of the VCU community and the ways to achieve a personally rewarding and successful academic program.
