About the Schedule of Classes

The Schedule of Classes provides information needed to register. It includes information about courses currently offered, including time, days and place of meetings and the instructor's name — as well as valuable general information about Virginia Commonwealth University. **This Schedule of Classes is accurate as of July 9, 2002** The information is subject to change — please check the Web for updates: www.vcu.edu/schedule.

The Schedule of Classes does not include all the information you need to access the university. Please be sure that you have a copy of each of the following documents:

- University bulletins – VCU publishes two bulletins. The bulletins include essential information not included in this schedule — academic policies, descriptions of all current VCU courses, prerequisites and information about program and degree requirements. Obtain a copy of the Undergraduate Bulletin by presenting your VCUCard to one of the student services centers or purchase the bulletins for \$3.50 from one of VCU's bookstores. The bulletins also are available on the Web: www.vcu.edu/bulletins.
- VCU Resource Guide – This directory of services also includes the complete texts of the VCU policies and procedures that directly affect students. The Resource Guide is updated annually. Pick up a copy of this year's edition from the Commons Information Center or the administrative offices of the Division of Student Affairs.

The Resource Guide, including all policies, also is available on the Web: www.students.vcu.edu/rg.

Special students and returning adult students are invited to seek the specialized assistance available from academic advisers at (804) 828-8420.

Reading the codes

All courses offered on campus for this semester are listed in the following pages. Courses in the 100 and 200 series are lower-level courses usually for freshmen and sophomores; 300 and 400 series are upper-level courses for juniors and seniors; 500, 600, 700 and 800 series courses are graduate-level courses.

Students usually must have a bachelor's degree to enroll in graduate-level courses; however, certain undergraduate students with the permission of the departments and the students' advisers may take some 500-level courses.

Please note: The university reserves the right to discontinue any course announced in this schedule because of low enrollment or other reasons deemed sufficient by the university. To ensure high academic standards, the university reserves the right to close registration in a course after the maximum enrollment has been reached. In addition, the university reserves the right to make changes in faculty, fees or schedules as necessary.

Section numbers

The beginning letter or number indicates whether a course is an honors, a variable credit, an evening, laboratory or intersession course.

- 7XX = honors
- 8XX = variable credit (MCV Campus only)
- 9XX = evening
- LXX = laboratory
- CXX = off campus
- VXX = intersession

Day codes

The following symbols are used for the days of the week:

- U = Sunday
- W = Wednesday
- S = Saturday
- M = Monday
- R = Thursday
- TBA = To be announced
- T = Tuesday
- F = Friday

The use of multiple symbols means that the class meets on each day indicated. MWF indicates Monday, Wednesday and Friday and TR indicates Tuesday and Thursday.

Comments/restrictions

Many sections have a comment that refers to the section preceding the comment. Please adhere to these comments. Ignoring the comments and enrolling in the class may result in enrollment in a class that you are not eligible to take. Note the message that a fee is required for a particular course. (The fee table lists the fees for the courses with the fee required message.) For example:

CARD 207 INTRODUCTION COMPUTER TECHNIQUES (3)

FEE REQUIRED - SEE FEE TABLE IN FRONT OF BOOK

Many sections have major, school and classification restrictions placed on them by the department offering the course. Any restriction for a section is listed directly below that section's listing. Enrollment in restricted courses is limited. For example:

CARD 207 INTRODUCTION COMPUTER TECHNIQUES (3)

Student Accounting

Tuition and fees

The Student Accounting Department issues bills to students for tuition and appropriate fees. Preregistered students' tuition and fees, along with charges for room and board where applicable, are due approximately one week before the start of the semester. All other students will be sent a bill at the end of the add/drop period due approximately two weeks later. The university reserves the right to revise or alter all fees, regulations pertaining to student fees and fee collection procedures at any time.

Tuition is determined by both the student's residency classification and classification as a full- or part-time student. Eligibility for in-state tuition benefits is determined by Section 23-7.4 of the Code of Virginia. Students seeking to change their residency status from out of state to in state for tuition charges should go to the Residency Office of the Office of Records and Registration and formally apply for a change. The residency application deadline is 30 days prior to the beginning of the semester for which you are applying. For further information on residency determination, call (804) 828-0366.

Students registered for a full-time course load are charged a flat rate for tuition and fees. An undergraduate student enrolled for 12 to 18 credits during any semester is classified as full time. A graduate student enrolled for nine to 15 credits during any semester is classified as full time. Students registered for less than a full-time course load are charged a per-credit-hour rate based on the course level; e.g., undergraduate or graduate.

The rate for "no credit" courses is determined by the number of lecture or laboratory-tutorial hours.

An undergraduate student enrolled for more than 18 credits and a graduate student enrolled for more than 15 credits will be charged a course overload fee on a per-credit-hour basis above the full-time tuition rate. The overload fee will not apply to students in first professional programs or other programs that specifically require the student to enroll in courses that exceed the applicable maximum number of credit hours.

Special students who hold bachelor's degrees are classified as DHG (degree-holder graduate) if they enroll in one or more graduate courses. DHG students are charged by the level of the course unless they enroll for nine or more credits, at which point they are charged at the full-time graduate rate. Special students who hold undergraduate degrees are classified as DHU (degree-holder undergraduate) if they enroll in all undergraduate courses. DHU students who enroll in 12 or more credits are charged at the full-time undergraduate rate. If they make changes to their course enrollment by the end of the add/drop week, their classification and charges change in accordance with these guidelines.

Many students have their tuition and/or fees paid by outside agencies or businesses. The university will accept a letter from the agency/business stating that these charges are unconditionally guaranteed. This letter should be submitted to the Student Accounting Department prior to the start of classes. Students may charge their tuition and fees to Visa, MasterCard, Discover Card or American Express.

Fees

Student government association (SGA) fee – is charged to all full-time and part-time Medical College of Virginia Campus students. This fee supports social, cultural and other MCV Campus activities.

University fee – is charged to all full-time and part-time students. Full-time students pay a flat rate. Part-time students pay a per-credit-hour rate. This fee is used by the university to support recreational sports facilities, the University Student Commons, campus development, intercollegiate athletics and other programs.

Technology fee – is charged to all full-time and part-time undergraduate, graduate and professional students in all programs. This fee is used to support university-wide technology initiatives, including the libraries.

Student health fee – is charged to all full-time students on both campuses. Part-time students may participate on an optional basis but must pay the full fee. The health fee covers unlimited visits to University Student Health Services for the diagnosis and treatment of acute and chronic illnesses. The student health fee does not cover accidental injury and hospitalization. Fee revenues are used to cover operating costs for University Student Health Services.

Drop vs. withdraw

Drop — charges are removed to indicate that the student never attended the class. The student is not eligible to receive financial aid, and any financial aid already credited to the student's account based on the original course registration will be removed from the student's account and may create a balance due to the university.

Withdraw — results in the academic grade of "W." Charges are assessed and adjusted according to the University Refund Policy. Students may owe a balance to the university.

Refund policy

The official university tuition and fees refund policy, applicable only for the fall and spring semesters (excluding short courses), is outlined in the table that follows. Refunds are calculated on a course-by-course (per credit hour) basis, disregarding the full-time cap amounts. Students who are enrolled fulltime and withdraw from course(s) may not receive a refund.

Withdrawal/ drop period	Student refund	Retained by university
Drop/withdraw prior to and during the first week of classes	100% tuition and fees	0%
Withdraw second week of class	80% tuition and university fee	20% tuition and university fee 100% of all other fees
Withdraw third week of class	60% tuition and university fee	40% tuition and university fee 100% of all other fees
Withdraw fourth week of class	40% tuition and university fee	60% tuition and university fee 100% of all other fees
Withdraw after fourth week of class	0%	100% all fees

This table pertains to both complete withdrawals and reduced course loads for fall and spring semesters only.

Students in off-campus classes are subject to the same refund policy as all other university students if the class is scheduled on the regular semester schedule. If the off-campus class is shorter or longer than the academic semester, the refund dates are adjusted accordingly at the request of Off-campus Programs.

A full refund of tuition and applicable fees for short courses will be granted if the course is dropped no later than the day following the first day of a given class. (This deadline also is applicable if the class does not meet on two consecutive days.) Students reducing their academic course load to fewer than full time (12 credits for undergraduates and nine credits for graduates) before the end

of the last day to drop a course will be entitled to a refund of tuition and applicable fees reflecting the reduced course load. Partial refunds are not granted for short courses.

Refunds will be computed based on the actual withdrawal date certified by the Office of Records and Registration. Refunds will not be made to students who do not attend classes and have not completed the required withdrawal procedure. Refund processing may take approximately two weeks. Exceptions to this refund policy are made only in rare instances. Written application for an exception must be filed with the Student Accounting Department's Refund Appeals Committee.

Students should refer to their room and board contracts for information concerning refunds of room and board fees.

Requests for refunds of overpayment may be made in writing to VCU Student Accounting Department, P.O. Box 843036, Richmond, VA 23284-3036. Refund request forms are available at one of the Student Services Centers, 827 W. Franklin St., Room 104 or 1101 E. Marshall St., Room 1-055. In accordance with credit card regulations, the university will refund the credit card account with any credit balance that may result on a student's account as the outcome of a credit card payment. The remaining credit balance, if any, will be refunded to the student.

Financial aid implications

Students who are financial aid recipients should refer to Page 5 for further information.

Defense crisis tuition relief, refund and reinstatement guidelines

Please contact the Student Accounting Department at (804) 828-2228 for information concerning defense crisis tuition relief, refund and reinstatement guidelines.

Statement of student financial responsibility

Every student is responsible for keeping a current mailing address on file with the Office of Records and Registration and checking his or her VCU official e-mail on a frequent and consistent basis.

A student who fails to meet payments when due may be assessed a late payment fee and is denied registration for future classes until he or she has paid all amounts owed to the university.

Student accounts with balances owed the university are referred to the Collection Unit. Pursuant to Section 2.2-4805 et. seq., of the Code of Virginia, and in accordance with rules and regulations promulgated by the state comptroller and attorney general of the commonwealth of Virginia, VCU will charge interest, costs and fees on all accounts past due. Students with balances owed the university are not issued degrees, transcripts, grades or grade reports, until all charges are paid in full.

Students are reminded that they are ultimately responsible for any unpaid balance on their account as a result of the Office of Financial Aid or their sponsor canceling or reducing the award.

Any communication disputing an amount owed, including an instrument tendered as full satisfaction of a debt, must be submitted to the Director of Student Accounting, Student Accounting Department, P.O. Box 843036, Richmond, VA 23284-3036.

VCU participates in the Virginia Set-off Debt Collection Act of 1981. Under the provisions of this act, a Virginia individual income tax refund is subject to the university's claim for unpaid balances of tuition and fees.

Dishonored checks

A fee of \$20 will be levied for all dishonored checks.

Financial Aid

Financial implications if you withdraw from VCU

Students who receive federal Title IV grant or loan assistance and withdraw from VCU before completing 60 percent of the semester (as measured in calendar days), must have their eligibility recalculated based on the federal Return of Title IV Funds formula. This federal formula specifies that a student's financial aid eligibility must be recalculated based on the aid the student has "earned" (based on the number of days that the student was enrolled or attending VCU prior to withdrawal). Any unearned aid for the period of enrollment that the student did not complete must be returned to the appropriate Title IV programs from which the student was awarded.

VCU students who withdraw prior to completing 60 percent of the semester, will have to pay all or a portion of the financial aid funds that were disbursed to their VCU account, and may be responsible for all or a portion of their tuition/fee charges that were previously paid by financial aid sources.

Example 1: Sally Student is a full-time, in-state, College of Humanities and Sciences undergraduate student at VCU enrolled in 12 credit hours. For the program that Sally is enrolled in, VCU's fall 2002 start date (first day of classes) is Aug. 26, 2002, and the fall 2002 end date is Dec. 17, 2002. Sally's tuition/fee charges and financial aid for the semester are as follows:

VCU charges	Fall 2002		Date disbursed
Tuition/fees	\$1,959		
Financial aid funding			
Federal Pell Grant	\$1,650		Aug 26, 2002
Federal SEOG Grant	\$750		Aug 26, 2002
Federal Perkins Loan	\$1,000		Aug 26, 2002
Federal Work-Study	\$1,500		
Virginia State Grant	\$1,100		Aug 26, 2002
Total financial aid	\$6,000		

Financial aid of \$4,500 was disbursed to her student account paying tuition/fee charges of \$1,959 and resulting in a refund of \$2,541 directly deposited to her bank account on Aug. 28, 2002 to help her pay for rent, food, books and supplies for the fall semester.

Sally missed two weeks of classes because of an illness. She returned to classes on Sept. 25, but decided after two days that she was too far behind in her course work to catch up with classes. On Sept. 27, she notified the registrar that she was withdrawing and began the official withdrawal process. Since Sally withdrew on Sept. 27, 2002, she only completed 28.1 percent of the semester.

Based on Sally's withdrawal date, VCU must cancel the \$1,000 Perkins loan and \$312 in Pell Grant money. These funds will be returned to the federal government on Sally's behalf. This action will create charges of \$1,312 on Sally's account; however, because she withdrew from all classes during the fourth week, the tuition/fees of \$1,959 would be reduced to \$1,223.30 (a savings of \$735.70). The result is that Sally must pay \$576.30 that was previously paid by financial aid funds.

Sally will have to repay VCU \$576.30.

Example 2: Steve Student is a full-time, in-state freshman. For the program that Steve is enrolled in, VCU's fall 2002 start date (first day of classes) is Aug. 26, 2002, and the fall 2002 end date is Dec. 17, 2002. Steve's tuition/fee charges and financial aid for the semester are as follows:

VCU charges	Fall 2002		Date disbursed
Tuition/fees	\$1,959		
Room/board	\$2,875		
Total VCU charges	\$4,834		
Financial aid funding			
Federal Direct Subsidized Loan	\$1,265		Aug 18, 2002
Federal PLUS Loan	\$2,800		Aug 23, 2002
Total financial aid	\$4,065		

Financial aid funds of \$4,065 were disbursed toward his student account charges of \$4,834, and Steve paid the remaining balance of \$769 using his credit card.

Sometime during the semester Steve stopped attending classes, but he did not notify anyone that he was withdrawing from school. He simply left the university. At the end of the semester his instructors reported grades of all "Fs" since he had not completed his course work. Steve's last day of attendance is not known to VCU since he did not officially withdraw; therefore, the midpoint of the semester is used as the last date of attendance for Title IV funding purposes. Therefore, Steve only earned 50 percent of the financial aid that he had originally received for the semester.

Based on 50 percent completion, VCU must cancel the entire Federal Direct Subsidized Loan of \$1,265 and must cancel \$768 of the parent's PLUS Loan. These

funds will be returned to the federal government on the borrowers' behalf. This action will create charges of \$2,033 on Steve's account.

Since Steve did not officially withdraw from VCU there is no tuition/fee adjustment. Because of the reduction of financial aid required by the federal Return of Title IV Funds formula, Steve must pay \$2,033 that was previously paid by financial aid funds.

Steve will have to pay VCU \$2,033.

Planning information for summer sessions

If you anticipate enrolling for summer sessions and are receiving financial aid during the regular school year, please think about your budget now.

Federal Direct Loans are limited by your grade level and dependency status to the following annual and lifetime loan limits:

	Dependent (as defined by the FAFSA)		Independent (as defined by the FAFSA)	
	Annual Maximum Loan Amount	Total Lifetime Loan Limit	Annual Maximum Loan Amount	Total Lifetime Loan Limit
Freshmen (less than 24 earned hours)	\$2,625	\$23,000	\$6,625	\$46,000
Sophomore (24 to 53.9 earned hours)	\$3,500	\$23,000	\$7,500	\$46,000
Junior/Senior (54 or more earned hours)	\$5,500	\$23,000	\$10,500	\$46,000
Graduate			\$18,500	\$138,500
Professional – Medical/Dental			\$38,500	\$189,125
Professional – Pharmacy			\$31,000	\$189,125
Professional – Health Administration			\$31,000	\$189,125
Professional – all other			\$18,500	\$138,500

The more Federal Direct Loan funds you borrow during fall and spring semesters, the fewer loan funds you will have available for summer sessions.

Example 1: If a dependent junior plans to participate in Study Abroad during the summer, below are two possible budgeting alternatives for covering summer expenses:

	Federal Direct Loan	Federal Direct Loan	Federal Direct Loan	Private Alternative Loan
	Fall	Spring	Summer	Summer
Alternative 1 — Junior	\$2,750	\$2,750	\$0	\$4,000
Alternative 2 — Junior	\$2,000	\$2,000	\$1,500	\$2,500

If the student budgets loan funds and sets aside \$1,500 (as done in Alternative 2 above), the student may still need to borrow additional private alternative loans during the summer semester, but the amount of your private alternative loan would be less than you would otherwise need. Private alternative loans generally require a clean credit history and/or a credit-worthy cosigner. Private alternative loans will accrue interest while the student is in school, but many times, payments can be deferred until after completion of the educational program at VCU — please contact the private alternative lenders for further details.

Example 2: If a dependent freshman student borrows the maximum loan amount of \$2,625 during fall and spring and earns at least 24 credit hours by the end of the spring semester, the student will be a sophomore for the summer sessions. As a sophomore, the student may borrow up to \$3,500 annually, so the student could borrow the remaining \$875 Federal Direct Loan eligibility during the summer (\$3,500 – \$2,625 = \$875).

Federal Direct Loan Fall	Federal Direct Loan Spring	Federal Direct Loan Summer	Total Annual Loan Amount
(freshman status)	(freshman status)	(sophomore status)	
\$1,313	\$1,312	\$875	\$3,500
